

Lynn Public Schools Summer School Policy and Procedures

Introduction to Summer School

Summer School provides middle school and high school students the opportunity to recover courses failed over the course of the school year or to take courses for original credit to regain tracking for on-time graduation. Due to the web-based nature of digital curriculum, students work on the assignments outside of school in addition to required scheduled time in school in order to complete course-work.

Overview

In blended classrooms, students interact with digital curriculum and receive individualized support from a teacher. Because students engage in a self-directed program, teachers may differentiate instruction for each student by utilizing data to identify areas of weakness, and develop instructional interventions including small-group and individual direct instruction. This teacher-support leads to improved learning outcomes. Each summer school course will have content-specific teachers on-site to supplement the digital curriculum, and these teachers will also be certified in APEX.
